

According to Pew Research*, as of October 2014, 90% of American adults own a cell phone. So how can you make supporting your travelers easier and their journeys proceed more smoothly by leveraging this piece of equipment?

We've compiled a list of some of the best travel-related apps and a few other useful resources that you can share with your clients.

Travelers can use their mobile phones to:

- Find their way around
 - [HERE](#) Maps for offline access
 - [Google Maps](#) for connected devices
- Look for things to do
 - [Tripadvisor](#) for specific travel destination(s)
 - [Google](#) their destination
- Keep track of travel plans
 - [Tripit](#)
- Make reservations (hotel, train, dinner, etc.)
 - [OpenTable](#)
 - [Amtrak](#)
